

## Reach out to your community in a flexible, cost efficient way!

Your sign provides the essential means of communication between your religious institution, your congregation, the community and potential new members, and in the last few years religious institutions have increasingly relied on LED Digital Displays to improve the effectiveness of that communication.

American Sign Factory has provided full turnkey signage solutions to religious institutions, schools and municipalities for the last 30 years, helping them reach out to their local communities through the use of effective signage, including LED Digital Displays.

In the last few years, our industry has noticed an unprecedented increase in the demand for LED Digital Displays from the Church Community and from Schools and Municipalities.

The flexibility, high visibility and easy-to-use software make LED Digital Displays the ideal medium to relay a wide variety of information to your congregation and to your surrounding community.

- ★ Inform your community of the programs and services you offer.
- ★ Keep your members informed of events and activities.
- ★ Promote God's love and messages of hope on a daily basis.
- ★ Share your vision and attract new members.

**NOTHING  
LASTS  
LIKE AN  
AMERICAN  
SIGN.**

On behalf of our entire team here at American Sign Factory LLC, I would greatly appreciate the opportunity to assist you with any future signage needs your congregation may have. We are always happy to answer any questions that may arise as you plan for a new signage project, including a free demo of our LED Digital Displays and a complimentary custom design. Please call for a free consultation... We look forward to working with you!

Sincerely,

**Frank Lemke**
